Subject: Rates for road right away pruning

Hi Lucy,

The rates for pruning trees along the roads are the same as last year (see attachment). The only fee that is not on there is the cost to haul out wood and brush. We are using a clam truck now instead of a chipper. This will make the work go quicker. The rate for the clam truck is \$250 per load. It holds about 20 – 25 yards of material. Please let me know if you have any questions.

Thank you,
